August Recap

August was a quiet month at the academy in terms of events, but we still had some excellent fun! As well as our regular Black Stripe Workshop, we also ran our awesome summer camp! It included martial arts, drums, video gaming and plenty of dodgeball, among so many other activities. For what is normally a quieter month due to holidays, class numbers also remained high and consistent throughout, which was brilliant to see. That commitment is what makes training at RPMAA so special.
